20 June 2017.

This letter is to advise that our Strata (57278) has used the services of Neukam and Sons Painting and Decorating since 2009 on several occasions. We have found Joey and his team of workers to be truly professional and honest in their work ethic and can verify that all the various owners in the property are very happy with their work.

We have found Joey Neukam to be honest and accurate with his quotes and have accepted his quotes, although not necessarily the cheapest, to ensure that we received the best possible result for our complex. They are truly proud tradesmen!

We have no hesitation in recommending Neukam & Sons for any painting/decorating work needed, you can rely that their work will be professionally carried out, and, their guarantee to follow up with any reasonable request will be honored.

Yours Sincerely,

Ray Monzo.
